FAMILY AND INDIVIDUAL SUPPORT (FIS) WAIVER

FACT SHEET - 2025

What is FIS Waiver?

The Family and Individual Support (FIS) Waiver [1915 (c)] provides care in the home and community rather than in an Intermediate Care Facility for Individuals with Intellectual Disability (ICF/IID) or other specialized care medical facility. FIS waiver is managed jointly between DMAS and DBHDS. DMAS is the state Medicaid Authority and DBHDS maintains day-to-day operations for the DD Waivers. The FIS waiver is for children and adults who may live with their family, friends, or in their own homes. Some individuals may need supports with some medical and/or behavioral needs.

Eligible Population

For children and adults who:

- Meet the ICF/IID level of care criteria;
- Require waiver services within 30 days
- Have a diagnosis of a developmental disability.
- Be determined that community-based services under the waiver are the critical services that enable the individual to delay or avoid placement in an ICF or promote exiting from either an ICF or other institutional placement.
